CALUMET

The Economy BAKING POWDER

Never accept "Just as Good" Brands; it will only mean disappointments and failures on bake-day, which are expensive.

Calumet is a High Grade Baking Powder, Moderate in Price

When you use it you never spoil any of the expensive ingredients used — such as flour, sugar, eggs and milk.

THE WORLD'S GREATEST BAKING POWDER

Studebaker

There Is No Substitute for Quality

When you buy a house you make sure that the foundation, the walls and the roof are constructed for permanence. Buy a motor car in the same way.

The sturdy body of the Studebaker Light Six Sedan is an admirable example of substantial body-building. It is constructed of the finest materials and with a high degree of craftsmanship to give years of satisfactory service — no makeshift construction merely to meet a price.

Eight stout ash pillars, from floor to roof, insure permanent strength and rigidity. The four wide-opening doors are a real convenience in getting in and out. Broad windows provide clear vision in every direction.

Seats are of generous proportions with deep springs to give lasting comfort. The upholstery is of mohair velvet plush, as durable as it is attractive. The heater will give warmth and comfort on cold days.

The Light Six has proved its reliability on the highways of the world. The ample power, quietness and remarkable flexibility of its motor are a source of continuous satisfaction. It is easy to handle in traffic. Constant gear shifting is unnecessary because it throttles down to a walking pace in high gear. Vibration, which is so annoying in closed cars, is virtually eliminated.

The low price is due to complete manufacture by Studebaker in one of the most modern and complete automobile plants in the world. Middlemen's profits are eliminated and the savings are passed on to the buyer.

The name Studebaker stands for comfort, quality and durability.
